

Dear Badger Hill Resident

BULB PLANTING

You may remember if you came to the AGM, we suggested planting some bulbs under and beside the trees on the playing field. We are being given 2500 bulbs, crocuses and daffodils, by the Council.

We need your help planting them on Saturday 13th October, starting at 10am.

If lots of people come it shouldn't take too long. We are borrowing some bulb planters, but if you have one, or are nifty with a trowel do bring them along.

The grass also needs cutting under the trees. If you have a suitable mower please get in touch with me.

If you are available to help it would be useful if you could please e-mail me (Catherineodell@btinternet.com). If you haven't time to e-mail still feel free to come and help.

Cathie Odell

Badger Hill Residents Community Group, Committee Member.
